Jason Watson
Dear friend

I should have told you that your memorial was waiting me here at my friend Ms Stanton's - on my arrival, we read it - & we have worked up that & all our own thoughts into resolutions & memorials - ready for next week -

Now Mr Watson - we want to make the admission to all our sessions free - will not you send us a contribution to help us meet expenses of hall, advertising &c - if the largest friends who stay at home would send us a contribution equal to the expenses of each of us who go to make the Convention a success, we should not lack the cash to carry forward our work -

But a few of us have to do the main work of these Conventions & pay for them & our own expenses

out of the little money we can earn other wheres -

Sincerely yours
Susan B. Anthony

My address will be -
Care Mrs Ellen C. Sargent -
308 - F. St - Washington - D.C
